# About Us

ARES Medical Group is a service disabled veteran-owned and operated business. With over 20 years of industry experience, we bring up-to-date industry knowledge and products to our customers. We work closely with our military, law enforcement and emergency service customers to design unique prepacked kits and supplies that streamline the procurement processes and enable rapid deployment of the products when they are needed. It is our mission to provide medical professionals and first responders with the tools they need to save lives and care for the sick and wounded.
